###

Founded in 1990, Habitat for Humanity of Marion County is the local affiliate of Habitat for Humanity International. We envision a world where everyone has a decent place to live and we work towards that vision by building decent, affordable housing in Marion County together with low-income families who are currently living in substandard or overcrowded conditions to give them the strength, stability, and self-reliance to own their own home. To accomplish these goals, we invite the people of our community to build houses together in partnership with families in need of affordable housing. Through volunteer labor and donations of money and materials, Habitat for Humanity of Marion County has built or rehabbed over 250 homes in the local community. Habitat houses are sold to homeowner families financed with mortgages they can afford. For more information visit <https://www.habitatocala.org/>.
